cores in his own class 4 lab

SPEAKING TOPICS

- 01 Azure hybrid: from on-premises to the hybrid cloud.** Azure Stack Hub, Azure Local and Azure Arc from more than eight years of practice, every architecture flown first in his own lab in a TÜV/tekit-audited class 4 facility.
- 02 Sovereign cloud: digital sovereignty as operational reality.** Disconnected operations, critical infrastructure and defence, provable from running projects.
- 03 AI in the datacenter: generative AI on-premises and air-gapped.** Sovereign AI already live in the healthcare sector, from concept to operations.

FORMATS

Keynote

For conferences, kick-offs and partner events. On stage or remote.

Executive briefing

Compact for C-level and decision makers: strategy instead of a slide marathon.

Training & bootcamp

BORDONARO Academy: express tracks from 1 to 14 days, with labs.

Speaking languages: German / English · Live on site or remote
